Subject: Star Lake Canal Good Faith Offer Extension Request

Ed,

As I mentioned the other day, the PRP Group intends to submit a collective Good Faith Offer to EPA in response to the Special Notice Letters (“SNLs”) recently received. The SNLs has a Good Faith Offer deadline of April 11, 2023. The PRP Group is asking EPA for an extension to this deadline for 60 days. The purpose of this is twofold. First, as you may know, a key member of our technical team, Alice Harpole with GHD, is currently on maternity leave and we need GHD’s input for the work plan and contractor evaluation/selection process elements. Second, as I mentioned, we have engaged the additional non-Group member PRPs in discussions that could ultimately result in them joining the Group, in which case the Group’s response would include any joining PRPs as well. Therefore, the PRP Group requests that the Good Faith Offer deadline be extended for 60 day (June 10, 2023).

Can you please let me know if EPA can agree to this extension?

Thank you,

Tobias
